

To support our team we are looking for a

## **Working Student Marketing (m./f./d.)**

### **Who is FyoniBio?**

FyoniBio is a Biotech company specialized in services from biopharmaceutical development up to support in clinical studies. Located on the innovative Biotech-Campus Berlin Buch FyoniBio is offering ISO 9001:2015 and partially GLCP compliant services to Biotech and Pharma Companies. As a young and innovative company we are continuously developing our own platforms and technologies to improve and fasten drug development.

### **What's the role?**

You have already gained some experience in marketing, online communication and social media content creation and would like to combine this with scientific content and biopharmaceutical development? This combination you can find at our place! We are looking for a motivated working student (m/f/d) who supports our marketing team at our office in Berlin Buch. You will get insights into a mid-size, growing biotech company and will get interesting, diverse and creative marketing tasks from content creation up to tools and methods for marketing success evaluation.

### **What does the role involve?**

As a working student (m/f/d) in marketing, you will provide support in content creation of relevant online channels, assist in evaluation of statistics and will get insights into SEO measures together with external agencies. You will be actively involved in the further development and support of relevant online channels such as our website, our newsletter or Google. Furthermore, you will be involved into creation of marketing material for scientific conferences including flyer design, creative new marketing material formats and booth design.

### **What you need is:**

- Education in Design, Marketing or a Life Science related area (Biotechnology, Pharma, Biochemistry)
- You are characterized by a proactive, communicative and independent working culture
- Good MS Office skills and a fluent command of the English language, both written and spoken, round out your profile
- Good command of the German language would be a plus
- You are creative, innovative and like to work on designing, texting and discussing content while having an affinity to technical biotech topics and social media platforms
- You enjoy to work in a creative and open team and like to be a real time player

### **What do we offer?**

As an innovative and future-oriented company we are offering flat hierarchies, cooperative working environment and an open communication culture. We live our positive corporate culture, which is based on mutual respect and appreciation. Varied and interesting activities in motivated teams promise independent work. In addition, we offer:

- Flexible working times and possibility for remote working
- Support from our scientists, business development and marketing
- Insights into biopharma development and scientific background
- Regular team and company meetings
- Water, Tea and Coffee for free as well as discount for Campus Mensa food
- Company events and possibilities to attend at diverse sportive activities

Have we aroused your interest? Then we would like to get to know you and look forward to receiving your application documents by e-mail and your possible starting date to Ms Stefanie Klunker: [personal@fyonibio.com](mailto:personal@fyonibio.com).

**FyonBio GmbH - Robert-Roessle-Str. 10 - 13125 Berlin**
